STANFORD, KY.  
Friday Morning, February 7, 1879.  
H. P. WALTON, Editor.

The news from Breathitt is encouraging. Jason Little, the cold-blooded wife murderer, has been sentenced to the Penitentiary for life, and a number of noted desperadoes and murderers are awaiting trial. Gambrell, indicted for the murder of Judge Burnett, in hopes of getting a local lawyer as Judge and one who is in sympathy with his clan, filed the necessary affidavits against Judge Randall, who vacated the bench. Gambrell's attorneys failed to get the man they wanted, and the facts being certified to the Governor, Judge W. L. Jackson, of the Louisville Circuit Court, was appointed Special Judge, who has already arrived at Jackson. It is quite apparent that Mr. Gambrell will find before his trial gets through that he has jumped from the frying pan into the fire, for with Judge Jackson presiding and Maj. Kinney prosecuting, his neck is likely to pay the forfeit of his crimes.

JUST SO SURE as Dr. Blackburn of Governor Underwood fails to go into the Convention without a sufficient number of instructed votes, will Judge Wm. Lindsay be our next Governor, and that he will, is the wish of all who prefer genuine, modest merit to men who will pander to any tastes or adopt any means, however degrading, to secure their advancement. Of Judge Lindsay's position, the *Courier-Journal* says: "We happen to know that Judge Lindsay occupies the same position now that he did last Summer, and has occupied all the time. He has neither the means nor the inclination to run a foot-race in every voting precinct in the State, but like many other men who are not making a canvass, he would be proud to serve the State in that once exalted position."

The Trustees of the Cincinnati Southern R. R., with that hog-headedness that has ever characterized them, are endeavoring to force the Common Carrier Company out of competing for the operation of the road, by demanding such restrictions as that or no other respectable company will submit to. Taking the road at the time when its operation for so short a distance was but an experiment, and having by good management and a uniform courtesy to the public, gotten affairs up to a paying point, the Common Carriers deserve great consideration, and should not be shaken off now for a company who would not have dared to take its management two years ago.

FRANK TURNER, the man who so cruelly murdered William Judd, near Williamstown, an account of which we published at the time, and who was sent for safe keeping to the Covington jail, made his escape Sunday night, by means of a false key. This makes about a dozen prisoners held for murder that have broken jails within the last few months, and the blame should in nine cases out of ten, be charged to the jailer, who should be held personally responsible for the escapes.

The United States Court in session at Alexandria, Va., has decided the long drawn out contest for the Arlington estate in favor of the Lee heirs, who will now be content to sell the property to the government at a fair price. The case has been appealed, but in all probability the judgment will stand and a recommendation be made by the Supreme Court to purchase the ground. A large number of Union soldiers are buried on it.

HOS. A. S. BERRY, of Newport, has delivered at several points in this State, a lecture on "Compulsory Education and Internal Improvements," which is highly spoken of by the press. It would gratify numbers of people in this county if the gentleman could spare the time to come here and deliver it.

SENATOR CONKLING has lost his hold on the Senate, and Hayes and his "Clerk Sherman" are in the ascendency. The New York Custom House appointments were confirmed after a six hours secret session, although violently opposed by Conkling, much to his chagrin and discomfiture.

The Louisville Almshouse was destroyed by fire last Friday, causing a loss of \$175,000 and the death of four or five of the inmates, of whom there were three hundred and fifty. The fire was caused by a pauper knocking the ashes from his pipe into some combustible material.

B. F. JONAS has been elected by the Louisiana Legislature to succeed Senator J. B. Eastis. He is a native of Illinois, but cast his lot with the people of the South before the war, and served throughout the "unpleasantness" with distinction.

BILL BARNES, the Menzies murderer, who was sentenced a few days ago to the Penitentiary for life, has been lodged in jail at Lexington, to await the action of the Court of Appeals on his application for a new trial.

THREE boys aged respectively, sixteen, fourteen and ten, the only dependance for support of a widowed mother, were drowned in the Ohio, at Louisville, last Sunday, by the overturning of a skiff.

THE Plague, which is described as a fever with chills, hot skin and the fatal feature of bunches under the arm, in the neck and groin, has reached Russia, and is spreading in every direction, devastating the towns and country, and leaving scarcely enough people to bury the dead. A cable dispatch gives the origin of the plague thus: "A Cossack, returning from the war to Vietnians, brought his lady love a shawl, which she wore two days, and sickened with all the symptoms of the plague, and died. The following four days other members of her family died. The disease spread rapidly. Thousands dying before the authorities took measures for the arrest of the fearful disease."

GEORGE E. SCHOLEY, the express money clerk at Nashville, who in 1876 absconded with \$10,000 of the Company's money, has voluntarily returned and delivered himself to the jailer of that city. He says that during his absence he has roamed every where, unable to release himself from the thought that he was pursued and that an officer was ever near him to lodge him in jail. He knew no rest, and he could not free himself from a gloom that would settle over him, so he returned to beg the court to make his term in the Penitentiary as short as possible, so that he could work it out and again become a free man.

FROM YESTERDAY'S DAILIES.—Miss Fitzgibbon has been elected Librarian of Indiana. Of course she's a Democrat. A \$250,000 appropriation for the improvement of the Mississippi River passed the House on Wednesday. One hundred and five ballots were taken in the Convention to nominate a candidate for Commonwealth's Attorney at Lexington on Wednesday, without result. Bronston is still in the lead. The President will appoint R. E. Preston to fill the vacancy caused by the death of Dr. Linderman, as Director of Mints. He has been L.'s assistant.

MR. BURCHARD, of Illinois, has presented a bill in Congress, providing for the issue of \$400,000,000 of bonds for the payment of the Arrears of Pensions, and there is but little doubt of its passage. Under the bill it is said that every pensioner of the United States will get an average of \$750 each. Commissioner Bently says that it will take twenty-five additional clerks and many months to prepare the claims for settlement. Let it be understood here, that \$400,000,000 is but a fourth of the sum necessary to pay the pensioners.

We are glad to see that the editors of some of our exchanges have the manhood and good sense to object to the silly tirade made on Dr. Henderson. We admit that there is no end to his vanity, which is a serious fault, but he has managed the trust imposed on him with decided ability and satisfaction. Let up on him, gentlemen, unless you wish your persecution to rebound to his benefit. The masses love fair play, and will not stand to see a man needlessly assailed.

THE Mountain Echo learns from a letter received from Williamsburg, Whiteley county, that Rogers and Kaywood, the fiends who tortured the negro, Ed. Jackson, to death, have been released on \$5,000 bail, each. If all the circumstances connected with their cruel murder are as reported, they should hardly have been allowed a trial, much less bail. But such is the way of Kentucky courts—a murderer is given far more rights than any other class of criminals.

The Richmond Herald appeared on Wednesday, bright and newsy and with an evident intention of making room for itself in the world of newspapers. Its editors, Mr. W. O. Cunningham and Hon. E. W. Turner, are men of experience in the line, and we are sure that they will make the Herald ride successfully the dangerous billows that always surround an infant journal; and to this end we extend our heartiest good wishes.

ANOTHER effort is being made to increase the army, and, as heretofore, Judge Durham is active in its opposition. If Hayes' assertion in his message that we are in pecuniary relations with all the world, approaches any where near the truth, there are many people in this country who are anxious to be convinced that 20,000 men are not enough and to spare, for a standing army.

JEFFERSON DAVIS, President of the late Confederate States, will disturb the body politic no more forever, at least here is his promise: "Personally a disinterested observer, I stand upon the political river earnestly watching whatever it may bear, but without any purpose ever again to launch my bark upon it."

The Conventions held in the various counties last Monday ran Blackburn's votes up to 160; Jones, who had previously no votes, looks all the more *Lovely* with 47; and Underwood had to content himself with holding his own, 103 votes.

AN effort will be made by the Democrats in Congress to repeal the test oath in the South, but it is said that the "stalwarts" will fight against it to the bitter end.

THE Democrats of Casey will meet in Convention on the fourth Monday (County Court day) to appoint delegates to the State Convention.

RICHARD HENRY DANA, the noted poet and literary man, died in Boston, Monday, aged 85 years.

DEMOCRATIC COUNTY CONVENTION. Pursuant to a call of the Chairman of the County Committee, the Democracy of Lincoln met in Stanford, February 3rd, and the meeting was called to order by Judge W. O. Hanson, who explained its object, and announced that nominations for permanent Chairman were in order. Mr. John M. Reid nominated Dr. G. W. Givens, who was unanimously elected, and on motion of Col. T. W. Varner, the organization was completed by the election of W. P. Walton, Secretary. On motion, the Chair appointed the following Committee on resolutions: W. O. Hanson, A. K. Denny, Judge J. M. Phillips, Marshall Morgan, John O. Neal, John S. Owsley, Elijah Bastin and Dr. Ed. Alcorn, who after a short retirement, presented the following:

Resolved 1st, That the Democratic party of Lincoln, recognizes the authority, and believes it was the duty of the State Committee to call a Convention of the party to make nominations in all the various State offices at the next August election. Therefore, we endorse the action of the Committee in calling a Convention to meet on the 1st day of May, 1879, at Louisville, to put out candidates.

2nd, That we fully acknowledge and appreciate the talents and true worth of the many distinguished gentlemen who are asking nominations at the hands of the party, but as we cannot be all of them, we hereby instruct our delegates in the Louisville Convention to cast the vote of the county for the following: For Governor—Dr. G. W. Givens; for Lieutenant Governor—Col. C. E. Bowman; for Attorney General—P. W. Hardin; for Auditor—D. Howard Smith; for Treasurer—James W. Tate; for Register—Dr. J. M. Phillips; for Williams first, and Thos. D. Marcus, for second choice; and James L. Allen, for Superintendent of Public Instruction.

3rd, That the following gentlemen be authorized to represent this county in said Convention: Crab Orchard—L. S. Travis, W. O. Hanson, Stanford—A. K. Denny, S. P. Craig, J. A. Harris, Highland—J. A. Dugh, John Young, Horsebush—Dr. Ed. Alcorn, Wm. F. Carpenter, Torsoreville—T. J. Foster, J. D. Swape, Wayneburg—Marshall Morgan, L. G. Good, Walnut Flat—John M. Hall and James L. Ryan.

4th, That should any one of the persons instructed by this meeting be dropped in the Convention, then our delegates are authorized to exercise their best judgment in casting their votes. The delegates will vote for those instructed for as long as they are before the Convention.

5th, The Interior Journal and Danville Advertiser are requested to publish the proceedings of the meeting.

Mr. G. A. C. Rochester moved that the resolutions be segregated and voted on separately which was adopted. Mr. Britton moved to substitute the name of John C. Underwood for Dr. Blackburn, and Col. W. G. Welch offered the following as a substitute to both:

Desiring to have at least one office in our gift secured from the usual arts of the politician, and believing that that one should be the highest in our gift, and desiring that as respects that high office the delegates should be untrammelled and free to select the best and fittest man to fill it, we make no motion for the office of Governor.

Both substitutes were voted down, when Col. Welch moved to instruct for Judge William Lindsay. This was lost and a vote on the original resolution to instruct for Blackburn was carried by a very large majority.

The resolution to instruct for Col. C. E. Bowman for Lieutenant Governor, was adopted, and on motion of Col. Welch, Capt. James K. Cantrill was named as second choice.

For Attorney General, P. W. Hardin was instructed for almost without a dissenting voice.

No objection was made to the resolution to instruct for D. Howard Smith for Auditor, and it was accordingly adopted.

Hon. James W. Tate was the unanimous choice of the Convention for Treasurer. For Register of the Land Office, D. N. Williams, of Rockcastle, was given the first choice, and then Dr. J. M. C. Swayne, in a very eloquent speech, moved to substitute the name of Ralph Sheldon as second choice. Col. Varner opposed the motion, as a vote being taken without decision as to best him in his race for Attorney General, he is very sanguine of his success now, and well he may be. No combination can beat him now, for there's no opposition to combine. Hurrah for Hardin!

MADISON COUNTY. RICHMOND. MARRIAGE LICENSES.—Our County Clerk issued 14 licenses this week, which permits 25 souls to break the bonds of single blessedness and marry.

GELTING BETTER.—Richmond was nearly a model of good behavior last Monday. We saw no one really intoxicated, though some appeared to have imbibed sparingly.

DRUNK.—David Alman appeared before Judge Tipton's court last Tuesday to answer a charge of drunkenness. He promised never to drink any more, and the Judge let him off with \$10 and costs.

The sale of the property of Col. R. J. White, which, besides a large quantity of stock, &c., embraces 785 acres of the best Madison county land, will take place on the premises on Thursday, the 27th day of this month.

SINE PENDENTE.—Prof. Tobin is expecting home daily his "Sine Pendente" sent by the Kentucky Legislature to the Paris Exposition. It was on board the United States ship "Constitution," which was partly wrecked on the English coast, recently.

MARRIAGE.—John Hughley, of Mercer county, was in Richmond on Monday last. He is known to all his old chums as a bachelor in very truth. He has seen the folly of his bachelor ways, and has forsaken the path hitherto trod, and was married last Tuesday to Miss Nannie Cromwell, a beautiful young lady of Lexington, Ky.

ENTIRELY.—Mr. W. T. Conter is preparing to start a large distillery about the 1st of March.

A HEFTY BRIDE.—In getting up our last letter we overlooked the marriage of Miss Juritha Tinsley of this community, and Mr. Milford Eubanks, of Polaski county, which occurred on the 16th ult. Miss Tinsley was handsome, intelligent and industrious, and was, perhaps, the largest woman of her age in the county; she being less than twenty-five years of age, and tipped the beam at 225 pounds.

ROCKCASTLE COUNTY. Mr. Varner.

HAMBURG.—Brinkley has 500 yards nicest Hamburg just received, which he offers cheap for cash.

CHEAP TO CLOSE OUT.—M. F. Brinkley offers for cash, a large stock of goods which he desires to close out.

LADIES' CLOAKS.—M. F. Brinkley has a large lot of ladies' cloaks, all sizes and styles which he offers at lowest figures for cash.

THE CASH SYSTEM.—Is by all odds the best. M. F. Brinkley has found it so. His prices astonish all customers. He sells for cash exclusively, and therefore sells low.

WILLIAMS FOR REGISTER.—Rockcastle sends many thanks to Lincoln for the kind instruction given by the latter for the former's candidate for Register, last Monday.

GOKE SOUTH.—George McClure and Jack Adams, Jr., arrived in Atlanta, Ga., Monday, with a car load of mules, which we hope they will speedily convert into cash.

PERSONAL.—W. G. Hiatt left on Monday's train for Arkansas. He will return in a short time accompanied by his sister-in-law, the widow of John Hiatt, formerly of this county, who died recently.

A TERROR TO MOONSHINERS.—Mr. B. R. Wilmont writes us from London, that, in a six days' hunt he recently captured seven moonshiners. Bruce is making considerable reputation as a Deputy United States Marshal.

R. R. MATTERS.—During the absence of Mr. John L. Slavin, R. R. Agent at Pine Hill, who has gone to see his brother in Garrard, his place is well filled by Mr. W. A. Burnside, of Hyattsville, a genial, agreeable young gentleman.

K. K. K.—W. H. Albright came into town Wednesday night, having in charge Tip. Hurd, whom he had arrested on a bench warrant, charging him with Ku Kluxing in 1877. Mr. Hurd is now a guest of Jailer Hurd, in default of a \$500 bond.

HARRODSBURG.—A flying business trip to Harrodsburg this week, showed us that the little city had greatly improved since our last visit. On all hands we noted evidence of thrift and progress. Judge Breckinridge and a dozen lawyers were busily engaged in the Common Pleas Court. Mr. P. B. Thompson, Jr., your Congressman elect, wears his honors gracefully, and is still the same pleasant, accommodating gentleman that we have always found him. We looked into the sanctum of Charlie Nield, editor of the *Observer*, and were received with a cordial welcome. Charlie and his new business manager, Mr. Gaither, make a strong newspaper team. On our way home, we had the pleasure of a ride with Watt Harris as far as the Junction. He looks as fresh and rosy as he did six months ago, when it was not generally believed as it is at present, that it is impossible to beat him in his race for Attorney General. He is very sanguine of his success now, and well he may be. No combination can beat him now, for there's no opposition to combine. Hurrah for Hardin!

MADISON COUNTY. RICHMOND.

MARRIAGE LICENSES.—Our County Clerk issued 14 licenses this week, which permits 25 souls to break the bonds of single blessedness and marry.

GELTING BETTER.—Richmond was nearly a model of good behavior last Monday. We saw no one really intoxicated, though some appeared to have imbibed sparingly.

DRUNK.—David Alman appeared before Judge Tipton's court last Tuesday to answer a charge of drunkenness. He promised never to drink any more, and the Judge let him off with \$10 and costs.

The sale of the property of Col. R. J. White, which, besides a large quantity of stock, &c., embraces 785 acres of the best Madison county land, will take place on the premises on Thursday, the 27th day of this month.

SINE PENDENTE.—Prof. Tobin is expecting home daily his "Sine Pendente" sent by the Kentucky Legislature to the Paris Exposition. It was on board the United States ship "Constitution," which was partly wrecked on the English coast, recently.

MARRIAGE.—John Hughley, of Mercer county, was in Richmond on Monday last. He is known to all his old chums as a bachelor in very truth. He has seen the folly of his bachelor ways, and has forsaken the path hitherto trod, and was married last Tuesday to Miss Nannie Cromwell, a beautiful young lady of Lexington, Ky.

ENTERTAINMENT.—It was our pleasure to attend an entertainment given last Friday evening by the young ladies of the Madison Female Institute. The programme consisted of vocal and instrumental music, readings and recitations, which were rendered in a very creditable manner, and which, also, reflects a large amount of credit on Prof. Pinkerton, their accomplished teacher.

COUNTY COURT.—Last Monday was County Court day here. The day was pleasant and the crowd large. Business of all kinds was better than for several courts. There were about 300 head of cattle on the market, the quality much above the average. Samuel Detherage, auctioneer, reports: 18 head of 2-year old cattle at \$36 per head; yearlings, at \$20, and calves at \$7.50 to \$18; 1 yoke oxen at \$49; horses, from \$30 to \$60. Few mules on the market.

PERSONAL.—Governor Jas. B. McCreary and Assistant Secretary of State, Mr. T. C. Bronston, spent Sunday and Monday at home. Gov. D. S. Goodloe, of Lexington, was in town this week. James B. Dunlap, a young lawyer from Danville, spent several days with friends here last week. Mrs. Wm. M. Irvine and daughter, Miss Bessie, who have been in Chicago for the last two months, have returned home. J. Owsley Dunn is again at work behind the counter of J. H. Arnold & Co.

NEW HOUSE.—Notwithstanding the hard frosts, Richmond continues to improve. Within the last six months five new residences have been built, besides numerous other houses of less importance. Several are thinking of building during the coming Spring.

RELIGIOUS.—Rev. Mr. Helm, late of China, delivered two very interesting sermons from the pulpit of the Presbyterian church last Sunday morning and night, and in the afternoon he gave the Sunday School children a talk on China. Rev. Dr. Clelland preached at "a few of the faithful" Sunday morning at the Court-house.

DISTRICT CONVENTION.—Quite a delegation of our citizens are in attendance at the Convention in session at Lexington to nominate a candidate for Commonwealth's Attorney to fill the unexpired term caused by the death of Lawrence Jones. Mr. C. J. Bronston, of this county, goes into the Convention ahead, but not enough to elect on the first ballot, and it is feared by his friends here that a combination will be made against him by the other three candidates, and that he will be "pocketed."

PULASKI COUNTY. Somerset.

A MOONSHINER.—Named Flanagan was captured on Green River Knobs last week.

DEATHS.—Mr. William Fisher, of this county, died February 3rd, aged 80 years. Miss Lucy Gregg died the same day.

WANTS PAROLE.—A petition is in circulation for one Taylor, who was sentenced to the Penitentiary last court for shooting with intent to kill.

TRIFLING CATCH.—A forger, named C. M. Pugh, who figured here several months ago, was arrested at Little Rock, recently, accused of having stolen and committed forgery in Clark county, Ky.

ACCIDENT.—While working in a Saw Mill at Science Hill, Mr. W. W. Snapp, of this place, was struck in the face by an immense piece of wood, which knocked several teeth out and bruised his face considerably.

ALMOST A FIRE.—The house occupied by the family of Mr. George Cowan caught fire last Sunday while all were absent from home. Upon their return the flames were discovered and quenched before any serious damage resulted.

PERSONAL.—Mr. Green Adams is in Louisville. Mr. Henry Wilson has returned to Hopkinsville after a brief visit to relatives, John Phiergo, Esq., left for London last Monday. Miss Amanda Goggin has returned to Stanford after gladdening the hearts of her many friends here by a lengthy visit. Miss Bettie Owsley Hayes has been absent sometime, visiting friends in the vicinity of Bourbon, playing and having with the hearts of "the boys."

STATE FACTORY.—Messrs. Tomlinson & Johnson have recently erected a State Factory near the Depot. In the test of their machinery last week every thing proved a success, and 8,000 staves were cut in one day. The factories and the shipping of the various products of the forest are making things quite lively about the Depot. As an effect of the railroad and a sign that Somerset is rising from its lethargy and shaking off the shackles of foginess, we behold it filled with strangers, while quite a number from a distance are taking up their abode in our midst.

BROTHER RUCKER.—We mentioned last week that Mr. J. B. Rucker, editor of the *Reporter*, had recently returned from a visit to Georgetown. We are glad to learn that Mr. R. has abandoned the idea of leaving Somerset to present our mountain city in all its glory to such citizens. The bold, independent course pursued by Mr. Rucker, we are aware, has created enemies, but his well timed blows have done much to cover vice and elevate society. Those who know him intimately find in him one who neither "toadies" to the rich nor oppresses the poor, but one who is endowed with that high moral courage and generous sensibilities that enter into the make-up of the true man.

WAYNE COUNTY. Monticello.

WHEAT.—Steamboats are carrying off a quantity of wheat at this time from points along the river.

ACQUITTED.—Wm. Sumpter, against whom an indictment was found at the last Circuit Court for carrying concealed weapons, had a trial before Judge Hayes, on Saturday, and was acquitted.

STABBING AFFRAY.—We learn that a serious affray occurred Sunday the 26th, on Rock Creek, this county, in which a man named Bell, indicted several severe stabs on the person of one Lewellen.

PERSONAL.—Col. Robert Metcalf, of Texas, and lady, late Miss V. P. Berry, of this county, are here, visiting relations and friends. Mr. Thomas Shearer, of Macon county, Mo., after an absence of eight years, has returned on a visit.

COMMERCIAL SCHOOL.—Prof. Wilmington has secured a sufficient number of names to justify him in opening a Commercial School at this place, on Monday. The Professor comes well recommended from the different points at which he has taught, and from what we know of him we feel confident that he is abundantly able to instruct thoroughly in all the departments proposed.

JAIL DELIVERY.—Two prisoners, W. B. Lair, confined for the murder of John K. Romaine, and Logan Salles, of color, for malicious stabbing, made their escape from our county jail on the night of 26th ult., by prying the door open with some planks taken from the floor of the cell. Wm. Wright, the jailer, has offered a reward for their capture, but no effort has been made in that direction as yet.

NARROW GAUGE.—Mr. Clark, the principal actor in the narrow gauge railway enterprise, after conferring with the managers of the Cincinnati Southern, still speaks encouragingly of the early building of the road through this county. We hear that the road is to be built under a charter granted many years ago to a Company proposed to construct a road from Tullahoma via McMinnville, Tennessee, to some point in this State.

TOOK TO HIS HEELS.—Tol Gibson and a desperado named Betty Ann Gibson figured a few days ago in the Police Court for drunken and disorderly conduct in the streets on the night before. Betty was fined \$5 and costs and Tol on finding that the proof was accumulating and the crime of carrying concealed weapons was going to be developed, availed himself of a favorable opportunity to take to his heels and is still at large.

Dear Sir:—I had a very severe attack of Fever and Ague, or Chills and Fever. Quinine was prescribed in large doses by my physician, but failed to cure me. I procured one bottle of your Chills and Fever Cure, and after using it, I am now completely restored to health. A number of my family was soon afterwards taken ill with the same disease, and was quickly cured with a few doses from the same bottle. Give, Lancaster, a jockey, was cured by a few doses from the same bottle, and the fourth person, sick with the same disease, is now using some of the medicine remaining in the same bottle. I regard it the most valuable medicine I ever used, a splendid tonic and powerful appetizer. It did not cause any sick or burning in my head, as was the case with the quinine I used. I never before used a medicine which had such a splendid effect, and I willingly and cheerfully give it my endorsement. Trainer for J. W. Hunt, Belmont, Ind. Price, 61 per Bottle. Sold by all retail druggists and medicine dealers. Wholesale by R. A. Robinson & Co., J. B. Wilder & Co., Arthur Peter & Co., Alfred, Newhouse & Co., Louisville, Ky., and the trade generally. H. A. MAGILL, Prop'r, Louisville, Ky.
